

Reduce your environmental footprint with Eco-friendly black ink.

WHAT IS ECO-BLACK?

Our eco-friendly black is made from reclaimed ink. This is the most environmentally friendly ink you could hope for. Can you live with the fact that your black will sometimes be a little gray, brown or darker? Eco-friendly black is the way to go to reduce your environmental footprint. Ask for it now for your next project.

WARNING!

Eco black color will always vary.
