**CANADIAN & UNION MADE**

EXCLUSIVE ETHICAL APPAREL

## Showcasing Your Image

We have a simple goal at ATTRACTION: to produce personalized clothing that stands out day after day, with human values, while respecting our community and the environment.

Since its foundation in 1980, ATTRACTION is firmly committed to community development and manufactures its apparel in Quebec, Canada. Our apparel quality is the fruit of over 40 years of expertise.

## The Ethica Brand

When you choose **ethica**, you're taking a stand for local buying, for quality clothes made to last, for a new kind of conscious consumerism, for small changes that add up to something big.

## One-Stop Shop

Our "one-stop shop" allows us to manage quality at every point in the production process and minimize transport emissions and material waste. All the stages of production of our **ethica** clothing line are carried out within a radius of 800 km.

ATTRACTION'S graphic designers and decorators will impress you with trendy concepts created exclusively for you, perfectly adapted to our clothing and combining creative decoration techniques to showcase your image. Our ability to offer a one-stop-shop helps us to guarantee your satisfaction.

## Environmentally Aware

Respecting the environment is not a new trend or term at ATTRACTION. Being aware of our carbon footprint is something we have always taken seriously. Discover some of our most upcycled product available on the market today!

Our **ethica** apparel is made mostly from 100% organic cotton or 50% organic cotton/50% recycled polyester. Our cushions are made from the leftover trims of over 50 t-shirts. We also recycle leftover screenprinting ink.

We challenge you to find a more environmentally friendly company in the promotional products market!
