

Why you should choose our NO DYE garments?

Our No Dye fabric is the blend of 50% raw cotton and 50% recycled polyester. This fabric is not bleached and therefore has a very natural look. The No Dye fabric eliminates the dying process and reduces the use of chemicals as well as energy consumption therefore reducing our environmental footprint.

These little marks are in fact particles of broken seeds and other fragments of the cotton plant. We love the result!

- 

100% CANADIAN
Designed, knitted, dyed, manufactured and decorated in Canada.
- 

EXPERTISE - SINCE 1980
Manufacturing apparel for 40 years. We are great at it and love what we do!
- 

UNION MADE AND ETHICAL
Our unionized employees work in an inclusive family friendly owned business.
- 

ECO
Tees and fleeces are mostly made of 100% of organic cotton or a blend of organic cotton and/or recycled polyester (rPET). Each blended garment use the 5 to 15 plastic bottles that would have been destined to landfills.
- 

PRE-SHRUNK FABRIC
All of our fabric is preshrunk. Maximum shrinkage of 5%.
- 

GREAT MODERN FIT
Side seam tees and balanced shoulders allow for a better shape.
- 

CONSISTENT SIZING
Our automated cutter ensures each tee is cut with extreme precision.
- 

SOFTNESS
You will feel super cozy in our ringspun, fully combed cotton and poly/cotton fabrics. They're perfect for decoration.
- 

ONE-STOP-SHOP
From the cutting and sewing to our multimedia decoration capabilities – we take care of it all.
